Recommendation Letter

To Whom It May Concern,

I am pleased to have the opportunity to provide a reference for ZONG-HUA, Wu and I highly recommend him to study at National Cheng Kung University. I am ZONG-HUA's line manager, so I can take the chance to closely observe his work performance, and evaluate his interpersonal skills and his attitudes toward future. As a whole, ZONG-HUA is indeed an outstanding colleague in all respects, and I will list out my understanding to him in the following paragraphs.

ZONG-HUA was employed as a software engineer with our company. Although ZONG-HUA has worked in information technology-related field, I still can observe that he has strong passion for finance technology. After he accumulated many years of work experiences, he definitely can get a handle on system development. ZONG-HUA frequently does multi-dimension thinking and engages in discussion with senior colleagues to improve himself and learn new technique. He has shown a strong sense of responsibility, and has completed assigned tasks on time. He is going to take on "DevOps" project and explore the application of artificial intelligence in the financial industry. It is a great opportunity for him to take advanced studies at NCKU and contribute his learned knowledge to work.

In conclusion, ZONG-HUA's hard work and my understanding to him suggest that he has the potential and willingness to study as well as his characteristics of enthusiasm and engagement. I would therefore highly recommend ZONG-HUA. Thank you for giving me an opportunity to introduce such a special, distinguished and outstanding colleague.

If I can be of any further assistance, or provide you with any further information, please do not hesitate to contact me.

Sincerely
